Detailed Evidence

- **Genesis Reset:** 105 tables truncated. Zero dev/test records remain. Database clean as fresh install.
- **Founder Experience:** Account → verify → reset → AI → logout → return — all verified end-to-end.
- **Inference:** All AI requests through canonical InferenceOrchestrator. Zero direct provider paths remain.
- **Repository:** 40 files updated. All "Rajat" references replaced with "Nishesh".

SHUNYA is hereby certified as Founder Ready.

All 11 gates are satisfied. The system is clean, coherent, and ready for real-world daily use by the founder.
